DOLPHIN SERVICES, LLC

Total Services. Total Quality.

Dolphin Services, LLC

Founded in 1980, Dolphin Services, LLC has earned a superior reputation as a quality fabricator of structures used in the production of oil and gas along the Gulf Coast and abroad, as well as an integrated provider of offshore and inshore services that keep the energy industry pumping. As the demands of industry have grown, so have our product and service capabilities.

Dolphin Services is committed to a quality control system that ensures your project is built right the first time and delivered on time. We invest in the safety and skills of our greatest resource—our skilled craftsmen—and have compiled a remarkable safety record.

The Dolphin Services fabrication facility is located on 30 acres in Houma, Louisiana, across from Gulf Island Fabrication, Inc. headquarters, and in the center of the Gulf of Mexico production region. Our facility has no overhead restrictions, and is approximately 30 miles from the Gulf of Mexico. From here, our service area is limitless.

ISO 9001-2008 Certified
ASME - U+R Boiler Vessel Certified

PRODUCTS AND SERVICES

At our fabrication yard in Houma, Louisiana, skilled employees construct a variety of unique structures to meet the individual needs of our customers. As our fabrication capabilities have expanded, so has our reputation for quality workmanship and personal service. Our qualified crews also perform offshore and onshore services.
