Expert Craftsmanship. Integrated Facilities.

## Gulf Island, LLC

Gulf Island, LLC, the original subsidiary of Gulf Island Fabrication, Inc. (*Nasdaq GIFL*), is a premier fabricator for domestic and international clients. Since our founding in 1985, Gulf Island's success has been built on quality construction, expansion of facilities and capabilities, investment in technology and equipment, and the safety and training of our employees. In fact, Gulf Island's quality control system and safety records are some of the best in the energy industry.

Every one of our projects, regardless of size or scope, is embraced by an entire team of engineers and craftsmen, working together to produce the highest quality product possible with the precision required in today's energy industry. This ensures that your project is completed on time and within budget, and built to withstand the offshore marine environment.

Gulf Island is located on over 600 acres in Houma, Louisiana, in the center of the Gulf of Mexico production region. Our three integrated fabrication yards include over 226 acres of developed fabrication area. Strategically positioned along the Houma Navigation Canal with a 15-foot draft, Gulf Island has no overhead restrictions and is approximately 30 miles from the Gulf of Mexico. From here, our service area is limitless.

ISO 9001-2000 Certified

## PRODUCTS AND SERVICES

Gulf Island's integrated Houma facilities allow us to provide a wide array of services and construct a variety of structures from one central location with convenient water access to the Gulf of Mexico. For our clients, this translates into reduced construction time, world-class quality by our expert craftsmen, and one of the lowest repair rates in the industry.

- Topsides
- Pipe Spooling
- Living Quarters
- Jackets/Piles
- Living Quarters Refurbishing
- Other Large Steel Fabrication
- Process, Production & Utility Modules
- Deepwater Floating Hulls
- Caissons
- Subsea Structures
- Blasting & Coating
- Electrical & Utility Buildings
- Offshore/Offsite Scaffolding
- Rolling & Automatic Welding of Tubulars up to 9' in diameter
- Pipe Insulation

### WEST YARD

**Available Fabrication Area:** 130 acres out of 437 total  
**Covered Fabrication Area:** 91,000 square feet  
**Total Water Frontage:** 6,750 linear feet  
**Steel Bulkhead:** 2,350 feet  
**Bulkhead Depth:** 16-40 feet  
**Skidway Systems:** 3 at 70 tons / linear ft. (45', 60' & 110' width)

### NORTH YARD

**Available Fabrication Area:** 23 acres  
**Total Water Frontage:** 1,850 linear feet  
**Steel Bulkhead:** 380 linear feet  
**Carpenter Shop**

Main (East) Yard

## MAIN YARD

**Available Fabrication Area:** 100 acres out of 140 total  
**Covered Fabrication Area:** 267,000 square feet  
**Total Water Frontage:** 2,800 linear feet

**Steel Bulkhead:** 1,500 feet  
**Bulkhead Depth:** 20-30 feet  
**Skidway Systems:** 3 at 70 tons / linear ft. (45'-69' width)

## COVERED FABRICATION SHOPS

**Main Yard #1:** 79' wide x 560' long x 56' under hook  
**Main Yard #2:** 2 bays, each 125' wide x 350' long x 90' under hook  
**West Yard:** 2 bays, each 55' wide x 350' long x 36' under hook

## KEY EQUIPMENT

Gulf Island, LLC utilizes the most modern tools, equipment and technology throughout its fabrication facilities. Specialized on-site equipment includes:

- **16 Crawler Cranes (270-500 tons):**
  - 3 Manitowoc 2250 (500 tons)
  - 2 Manitowoc M250 (300 tons)
  - 1 Manitowoc 4100 (220 tons)
  - 8 Manitowoc 888 (300 tons)
  - 2 Manitowoc 999 (300 tons)
- **6 KAMAG Transporters** (200 tons each for a total of 1,200 tons)
- **15,000-ton Skid System**
- **2 Vernon Tool Pipe Cutting Machines (Model MPM-G)**
- **3 Automated Cutting Tables**
- **Automated Girder Beam Welding Facility**
- **Automated Panel Line**
- **Automated Blasting & Painting Facilities**
- **Pipe Mill Rolling Equipment:** approximately 50,000 tons annual capacity
